#### NON LIFE UNDERTAKING

#### Significant exposures by counterparty type at the end of the first quarter of 2019

Indicate for each type of counterparty in the order of decreasing gross exposure the present value of exposures to the 10 largest counterparties; individual counterparties in the same group are to be considered as a single counterparty.

This includes securities of any kind issued by the counterparty (shares, bonds, structured products, etc.) and all receivables from that counterparty for which the investment risk is borne by the insurance undertaking, regardless of whether or not these assets represent the technical provisions
